# 70 YEARS OF NON-STOP INNOVATION

In 1950, Hobie Alter shaped his first surfboard in his parents' garage in Laguna Beach, California. His visionary designs challenged the limits of watersports and inspired a culture of ingenuity and craftsmanship that lives on today.

From surfboards and world-class catamarans, to revolutionary kayaks and stand-up pedalboards, Hobie is driven by a passion for delivering the most advanced, enjoyable and accessible watersport products available. The Hobie brand continues to be synonymous with leading-edge adventure on the water.

Today, Hobie's passion for the water is built into every kayak we make. Based in Oceanside, CA, Hobie is steadfast in its unwavering commitment to unsurpassed quality, expert craftsmanship and superior performance. 20 years after introducing the original MirageDrive to the world, Hobie remains the most popular and innovative pedal kayak brand on the planet.

# INNOVATION AND INGENUITY. QUALITY AND CRAFTSMANSHIP.

Since Hobie's inception in 1950, these unwavering traits have defined our iconic brand and kept us laser-focused on delivering exhilarating experiences on the water.

As we enter our 70th year, we are thrilled to once-again redefine fun on the water, with evolutionary technological advancements that will enable our customers to experience their passions in dynamic, new ways.

All new for 2020, our team of engineers have revolutionized the Hobie MirageDrive, through two revolutionary patented improvements: the 360 navigation drive system and Kick-Up Fin functionality. These groundbreaking technologies represent the most radical advancements in kayaking since we introduced the original MirageDrive over 20 years ago.

In addition, we've expanded our price-accessible Passport line to include a larger, 12' version. So, whether you are new to pedal kayaking or an elite kayak angler, our fleet of MirageDrive kayaks has you covered.

## YOUR TICKET TO ADVENTURE & FUN

Propelled by the tried-and-true MirageDrive Classic with ST Fins, the Passport 10.5 makes it possible to reach isolated beaches and remote waters, bringing you closer to nature and further from the hustle and bustle.

Every feature is designed with your comfort in mind, starting with an ergonomically designed mesh aluminum frame seat. Sail open water or fish the flats, thanks to the sail-ready vertical accessory mount and molded-in rod holders. Dual mounting tracks keep your accessories within reach while the 8" Twist-n-Seal Hatch will keep them dry. The easy-to-use steering system and simplified version of our twist-and-stow rudder puts navigation at your fingertips and a smile on your face.

*NOW IS THE TIME TO GET OUT ON THE WATER*

Introducing the Mirage Passport 12, powered by the original MirageDrive Classic with ST Fins. This 12-foot kayak takes you where you want to go with ease and world-class authority. When you're not relaxing in the Passport's breathable mesh seat, a wider cockpit area with EVA floor padding provides a stable platform for standing and stretching your legs or casting a line. There's plenty of real estate to stash equipment on the bow or stern cargo areas and more below deck access through the center 8" Twist-n-Seal hatch. Anglers will be happy that the Passport 12 has a transducer cavity and scupper for quick install of your favorite fishfinder and a Power-Pole® Micro bracket indent to easily mount your favorite shallow water anchor. Additional features include steering system with stowable rudder, two fishing rod holders, accessory tracks, and under seat and gunnel tackle storage.

# MIRAGEDRIVE 180 A FORCE OF NATURE

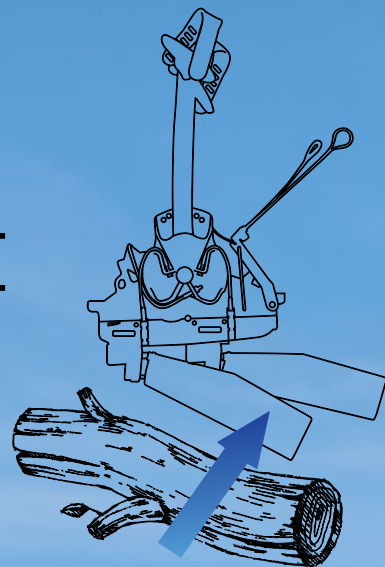

*In 1997 Hobie permanently revolutionized kayaking with groundbreaking fin technology.*

*Experience 20 years of innovation perfected.*

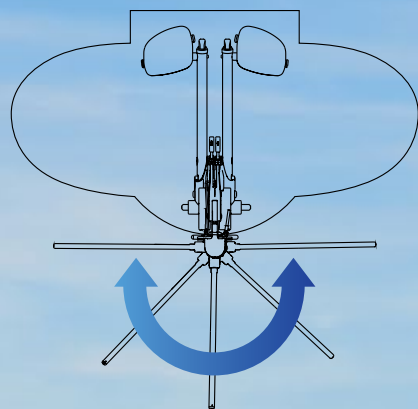

The most significant technological innovation in modern kayak history, the MirageDrive, immediately revolutionized the sport of kayaking upon its introduction in 1997. Hobie has been innovating ever since. As the unquestioned leader in pedal-propulsion for over 20 years, more kayakers have purchased a Hobie than all other pedal brands combined.

With the patented MirageDrive 180 with all new Kick-Up Fins that automatically retract upon impact, Hobie has set a new standard for pedal drives. This award-winning fin technology delivers seamless adjustability, dependability, and full power in both forward and reverse. Best of all, it's completely beachable with the push of your pedal.

The MirageDrive 180 is featured on the Mirage Sport, Mirage Outback, Mirage Revolution® Series, Mirage Oasis®, Mirage Pro Angler Series, Mirage Island Series and Mirage Inflatable Series.

Kick-up Fins Retract When Impacting an Underwater Obstacle

Fins May Flutter Closer To Hull For Shallows or Beaching

## THE DESIGN ADVANTAGE

### Revolutionary 180 Shifters

Instantly spin the fins from forward to reverse with a quick pull of the shifter cable. Unlike any other pedal system, the MirageDrive 180 produces full power in both directions.

### New for 2020: Kick-Up Fins

New Kick-Up technology provides the power to charge through the water as never before. Logs, kelp, shallows, rocks, no problem.

### Hands-Free Propulsion

Keep your fishing rod, camera, or cold drink where they belong - in your hands.

### Navigate Shallow Water

Fluttering the fins by using partial pedal strokes allows propulsion in very shallow water. Also, unlike propeller based pedal systems, the fins fold up flush with the hull for easy beaching.

### On-Water Debris

The natural back and forth motion of the fins shed debris and vegetation and won't twist up and get stuck like propeller drives.

### Strength and Durability

Built from the toughest components and designed to hold up to the harsh environments and underwater impacts, you won't find a tougher, better built drive.

### Glide Technology

Advanced roller bearings at key friction points reduce resistance for an ultra-smooth ride.

### The Click and Go System

Allows for quick and easy MirageDrive installation and removal.

### Easy Maintenance

A quick rinse with fresh water is all you need once you're done for the day.

### Height Adjustable

The ARC Cranks adjust effortlessly to fit kayakers of all sizes, from children to taller adults.

# Hobie VANTAGE SEATING

Vantage XT

*Unparalleled adjustability for the utmost comfort, a drier ride, and longer days on the water.*

The patented Vantage Seat maximizes on-water comfort, making for a luxurious ride so you stay focused on the environment around you. Our ergonomic Vantage Seats take adjustability and breathability to a new level, with features and materials that provide unrivaled support and comfort for a full day on the water.

All Vantage seats provide a kick stand for an even higher Vantage point and also double as beach chairs.

**Vantage ST and XT Seats: Pro Angler Series**  
The Vantage ST is equipped on the Mirage Pro Angler 12 and 14, while the XT come standard on the Mirage Pro Angler 17T. Integrated barrel adjusters easily customize the seat to the position that perfectly meets your angling needs. And for those times when the fish aren't biting, quickly recline to relax in total comfort.

**4**WAY  
ADJUSTABILITY

Vantage ST

Vantage CT

Vantage CTW

Designed for versatility, the bottom of the seat folds up quickly for extra room on the standing deck or raise the seat an additional five inches to enjoy the optimum Vantage position. The Vantage XT offers three extra inches of height than the ST model.

#### **Vantage CTW, CT, and CTi**

The CT is featured in all remaining rotomolded MirageDrive 180 kayaks (apart from the Outback, boasting the wider Vantage CTW seat with 1-1/2 extra inches for ultimate comfort).

Pull levers under your seat to quickly and easily adjust the seat's angle of recline and height.

The seat back is infinitely adjustable, capable of moving within a three-inch range so you can find your sweet spot.

The CTi comes standard in our Inflatable Series kayaks and boasts many of the same CT features.

# MIRAGE REVOLUTION SERIES

## WHEN SPEED MATTERS MOST

The Revolution Series showcases the true combination of speed and power. The Revos' sleek design makes them so fast and stable that no wave, wake, or wind can slow them down. The Revo 11 is an ideal mix of size, speed and maneuverability, easily transported to remote bodies of water. Of the three Revo models, the Revo 13 hits the sweet spot in terms of stability, speed, and tracking performance. Its 28.5" beam enhances stability and maximizes capacity without slowing you down, so you can hit the water with friends and always stay in the lead. The Revo 16 is the longest and fastest of the Revolution family. If you measure your days on the water by distance and speed, then the Revo 16 is the kayak for you. Every Revo comes outfitted with the industry-leading MirageDrive 180 with new Kick-Up Fins and ARC Cranks, a highly-adjustable Vantage CT seat, ample storage space, molded-in rod holders, and a Twist and Stow Rudder.

When it comes to the Revolution family, fast is an understatement.

Built tough for years of fun.

**3** Vantage CTi Seating  
State-of-the-art seating offers multiple points of adjustment and the comfort of breathable mesh. It can even be used as a beach chair.

**4** Drop Stitch Floor  
This method of construction allows for much higher inflation pressures. Thousands of tiny threads connect the top and bottom layers of the floor, providing remarkable structural rigidity and increased performance.

*111S shown*

**5** Carrying Handles  
With handles forward, aft and amidships, portaging is easier and more comfortable.

**6** Four-Piece Aluminum Paddle

**7** Rudder Control  
Steer with your fingertips. The soft handle of the Rudder Control can be mounted on either side of the seat.

**8** Locking Valves  
Valves lock into the pump for easier inflation and lock into open position for quick deflation.

**9** Cargo Areas  
The front and rear Cargo Areas with Bungee tie-downs ensure gear is still there when you get to camp.

**10** Twist and Stow Rudder  
Engage or disengage the retractable rudder system by pulling one of the T-shaped control handles.

**All Inflatable Kits Include:**  
An Easy-Load Rolling Travel Bag that allows easy transportation and storage of the folded-up kayak, Cup Holders, and a high capacity piston Hand Pump.

**Optional Accessories**  
Options include a Plug-in Cart for transportation, adhesive iAccessory Mounts, Rod Holders, and other fittings. See our Parts and Accessories Catalog for more.

# MIRAGE ISLAND SERIES

## TIMELESS DESIGN & HOBIE INNOVATION

Often praised as the best sailboat available, the Mirage Island Series offers a unique way to sail by combining the power of the pedal with the force of the wind. Designed for superior speed and performance, the Islands deliver the most exciting on-water experience imaginable from an approachable, easy-to-learn platform. Built for sailors of any size and experience level, they offer an unmatched experience for those seeking fun family outings as well as adventurers looking to push the limits of man and craft.

Available in both single and tandem versions, these sailboats are simple to launch and beach, making it easy to get started but hard to want to stop.

### 1 Roller Furling Boomless Mainsails

Providing a powerful yet user-friendly ride, the sail wraps easily around the carbon composite mast, making it simple to unfurl, trim and furl in all conditions.

### 2 Island Rudder

The oversized rudder makes steering effortless and precise, enabling maximum maneuverability.

### 3 Kick-Up Centerboard

The Kick-Up Centerboard is fully retractable and improves tracking performance while under sail.

### 4 MirageDrive 180 w/ ARC Cranks + Kick-Up Turbo Fins

Outfitted with the MirageDrive 180, the Island Series is truly adventure-ready, offering unrivaled power in both forward and reverse.

### 5 Aka Crossbars

The crossbars pivot back against the hull for easy transportation, docking and storage, or to help land a prized catch.

### 6 Ama Outriggers

The durable Ama Outriggers provide the Islands with confidence-inspiring stability.

# PADDLE KAYAKS

## LANAI

The Hobie Lanai is a lightweight, easy to use paddle kayak with performance-grade features for a faster, smoother ride. The 9' waterline and 30" beam is as stable as it is fast, so you feel in complete control on any adventure. At 50 lbs. fully rigged, it's lightweight and transportable making it perfect for smaller paddlers, yet adjustable to accommodate taller users.

## QUEST

The Quest 13 is Hobie's swift and powerful, performance paddle kayak. Nimble and quiet, the Quest 13 comes standard with the comfortable Vantage CT seat and adjustable foot braces, but kicks it up a notch in speed, tracking, and cargo space.

## KONA & ODYSSEY

The Kona is Hobie's ultimate crossover tandem paddle kayak designed for one or two riders and endless adventures. The molded center seat and extra-wide beam keep the Kona responsive and stable in all conditions. The Odyssey is a sleek and powerful tandem kayak capable of superior speeds and tracking performance. Both tandems feature adjustable padded seating, two Twist and Seal hatches, and mesh stowage pockets for keeping your essential items within reach.
